

# Polly Bath's 5 Steps Every Educator Can Take to Address BEHAVIOR, TRAUMA, & SEL in a Remote or In-Person Classroom:

Tuesday, **November 3, 2020** (8:30 AM – 11:30 AM)

Presenter: **Polly Bath**, Cristia Lesher Associates LLC

Session: **21-BMPB01**

**Description:** This is Polly Bath's popular "5 Steps to Solving a Behavior" training, adapted to the remote and in-person needs of the 2020-21 school year.

First, some realities: In 2020-21 kids will present with more behaviors, more trauma, and more social and emotional needs. Whether we're teaching remotely or in-person, a big behavior will be REFUSAL – refusal to participate, refusal to follow directions, refusal to give us their attention, and refusal to do work. We will see lots of other behaviors as well!

This practical workshop will include "5 Steps to Solving a Behavior," **adapted to 2020-21 remote and in-person classrooms:**

**Step 1:** Identify a specific behavior you want to manage and change, for a student or a group, *whether remote or in person.*

**Step 2:** Figure out what's causing the behavior (using a quick assessment to determine the *need* driving the behavior).

**Step 3:** Prepare to MANAGE the behavior by planning your response.

**Step 4:** Figure out how to CHANGE the behavior with interventions and prevention.

**Step 5:** Develop a logical consequence if needed.

These strategies can be applied to one student, a classroom, or a whole school.

The handout will provide a guide through the 5-step process, including scenarios, examples, and templates.

This workshop will be presented with Polly Bath's trademark humor and practicality.

**Presenter:** Polly Bath (Cristia Lesher Associates LLC) is a New England educator who presents and consults around the country on successful, common-sense, trauma-sensitive strategies for solving school behavior problems. She is most especially known for teaching educators how to change those difficult behaviors that are the most resistant to change.
